

**Open Letter to Bill Blair, Federal Minister of Public Safety, Marco Mendicino,
Federal Minister of Immigration, Refugees and Citizenship, and Patty Hajdu,
Federal Minister of Health:**

I am writing to express my grave concern for and unreserved solidarity with the hunger strikers currently incarcerated at the Laval Immigration Detention Centre. As a matter of justice and public safety it is imperative that the federal government heed their demands for immediate release so that they might better protect themselves and their loved ones from the onslaught of this COVID19 pandemic.

Mahsi cho,
